## **Re: STAGE 2 WATERING**

**Trigger points for STAGE 2 WATER WARNING:** Water consumption has reached 80% of daily maximum supply for three (3) consecutive days. Abilene has initiated their drought plan. Lake levels have dropped below 17' below the spillway.

To all members of HAWLEY WSC,

“Conditions are appropriate to change our water conservation efforts to a once per two week watering schedule. Until we receive more rain, Hawley WSC members can help do their part by conserving water whenever possible.

Watering is permitted 12 midnight until 10 a.m. and 6 p.m. until 12 midnight on a customer's designated watering day. The customer's watering day is determined by the route number you are in. The route number can be found next to your account # on the smaller detached portion of your bill. If you are unsure of your route number, please call the office @ 325-537-9268 so we can assist you.

### **Designated Water Days**

<b>ROUTE 1</b>	<b>MONDAY</b>
<b>ROUTE 2 &amp; 9</b>	<b>TUESDAY</b>
<b>ROUTE 3 &amp; 8</b>	<b>WEDNESDAY</b>
<b>ROUTE 4 &amp; 10</b>	<b>THURSDAY</b>
<b>ROUTE 5 &amp; 7</b>	<b>FRIDAY</b>
<b>ROUTE 6</b>	<b>SATURDAY</b>
<b>ROUTE 11</b>	<b>SUNDAY</b>

**If you are an industrial or commercial entity using more than 20,000 gallons, you must submit your plan to reduce use by 15% compared to same month previous year; Golf courses must submit conservation plans**

**The once every 2 weeks outside lawn watering schedule will stay in effect until further notice.**
